FISHING FREEDOM

2024 CATALOG

A man with a beard and a dark cap is shown from the chest up, wearing a plaid shirt. He is looking intently at something off-camera, likely a fishing lure or fish. The background is dark and out of focus, suggesting he is on a boat.

FISHING FREEDOM. IT'S WITHIN REACH.

Tight lines. That's the thrill. And that's one reason we are out here. Sometimes it's just about time spent with family and friends. Other days it's the peace and quiet.

No matter how you fish, we know that fishing is more than the satisfaction of a great catch, it's a way of life. At Alumacraft, we build our boats to refine the experience, making it smoother on and off the water, so your adventures are hassle-free and you can spend your time where it matters - catching fish. There's your way of fishing and we'll help you get there.

Find your Fishing Freedom with Alumacraft.

IT'S ABOUT MORE THAN CATCHING FISH

For over 75 years, Alumacraft has had a rich history of building memories and shared experiences with family and friends. Today, we enjoy sharing our love of fishing and nature, and we are proud to support our fishing communities, nurturing new talent and inviting more people to join our passion.

THE ALUMACRAFT LINEUP

We build and design aluminum boats to refine your experience – making it smoother on and off the water and as hassle-free as we can make it. So you can use your energy where it counts – catching fish.

FISH & SPORT

Alumacraft Fish & Sport models combine our angling features with a little extra comfort and versatility. Just stash the rods when it's time to tube, ski, cruise or hang out at the cove. The fish will wait.

MULTISPECIES

From Mille Lacs to the mill pond, passionate anglers know an Alumacraft multispecies boat is the best tool for the job. Hunt a monster muskie, take the tournament with that last-chance walleye, or toss a worm to sunnies with the kids. These boats are designed by experts to help you catch more fish.

HUNT & UTILITY

When you need to go way out there, count on a rugged boat from the Alumacraft Hunt & Utility series to get you there and back. Our toughest models are easy to transport to remote hunting and fishing grounds, and they look the business.

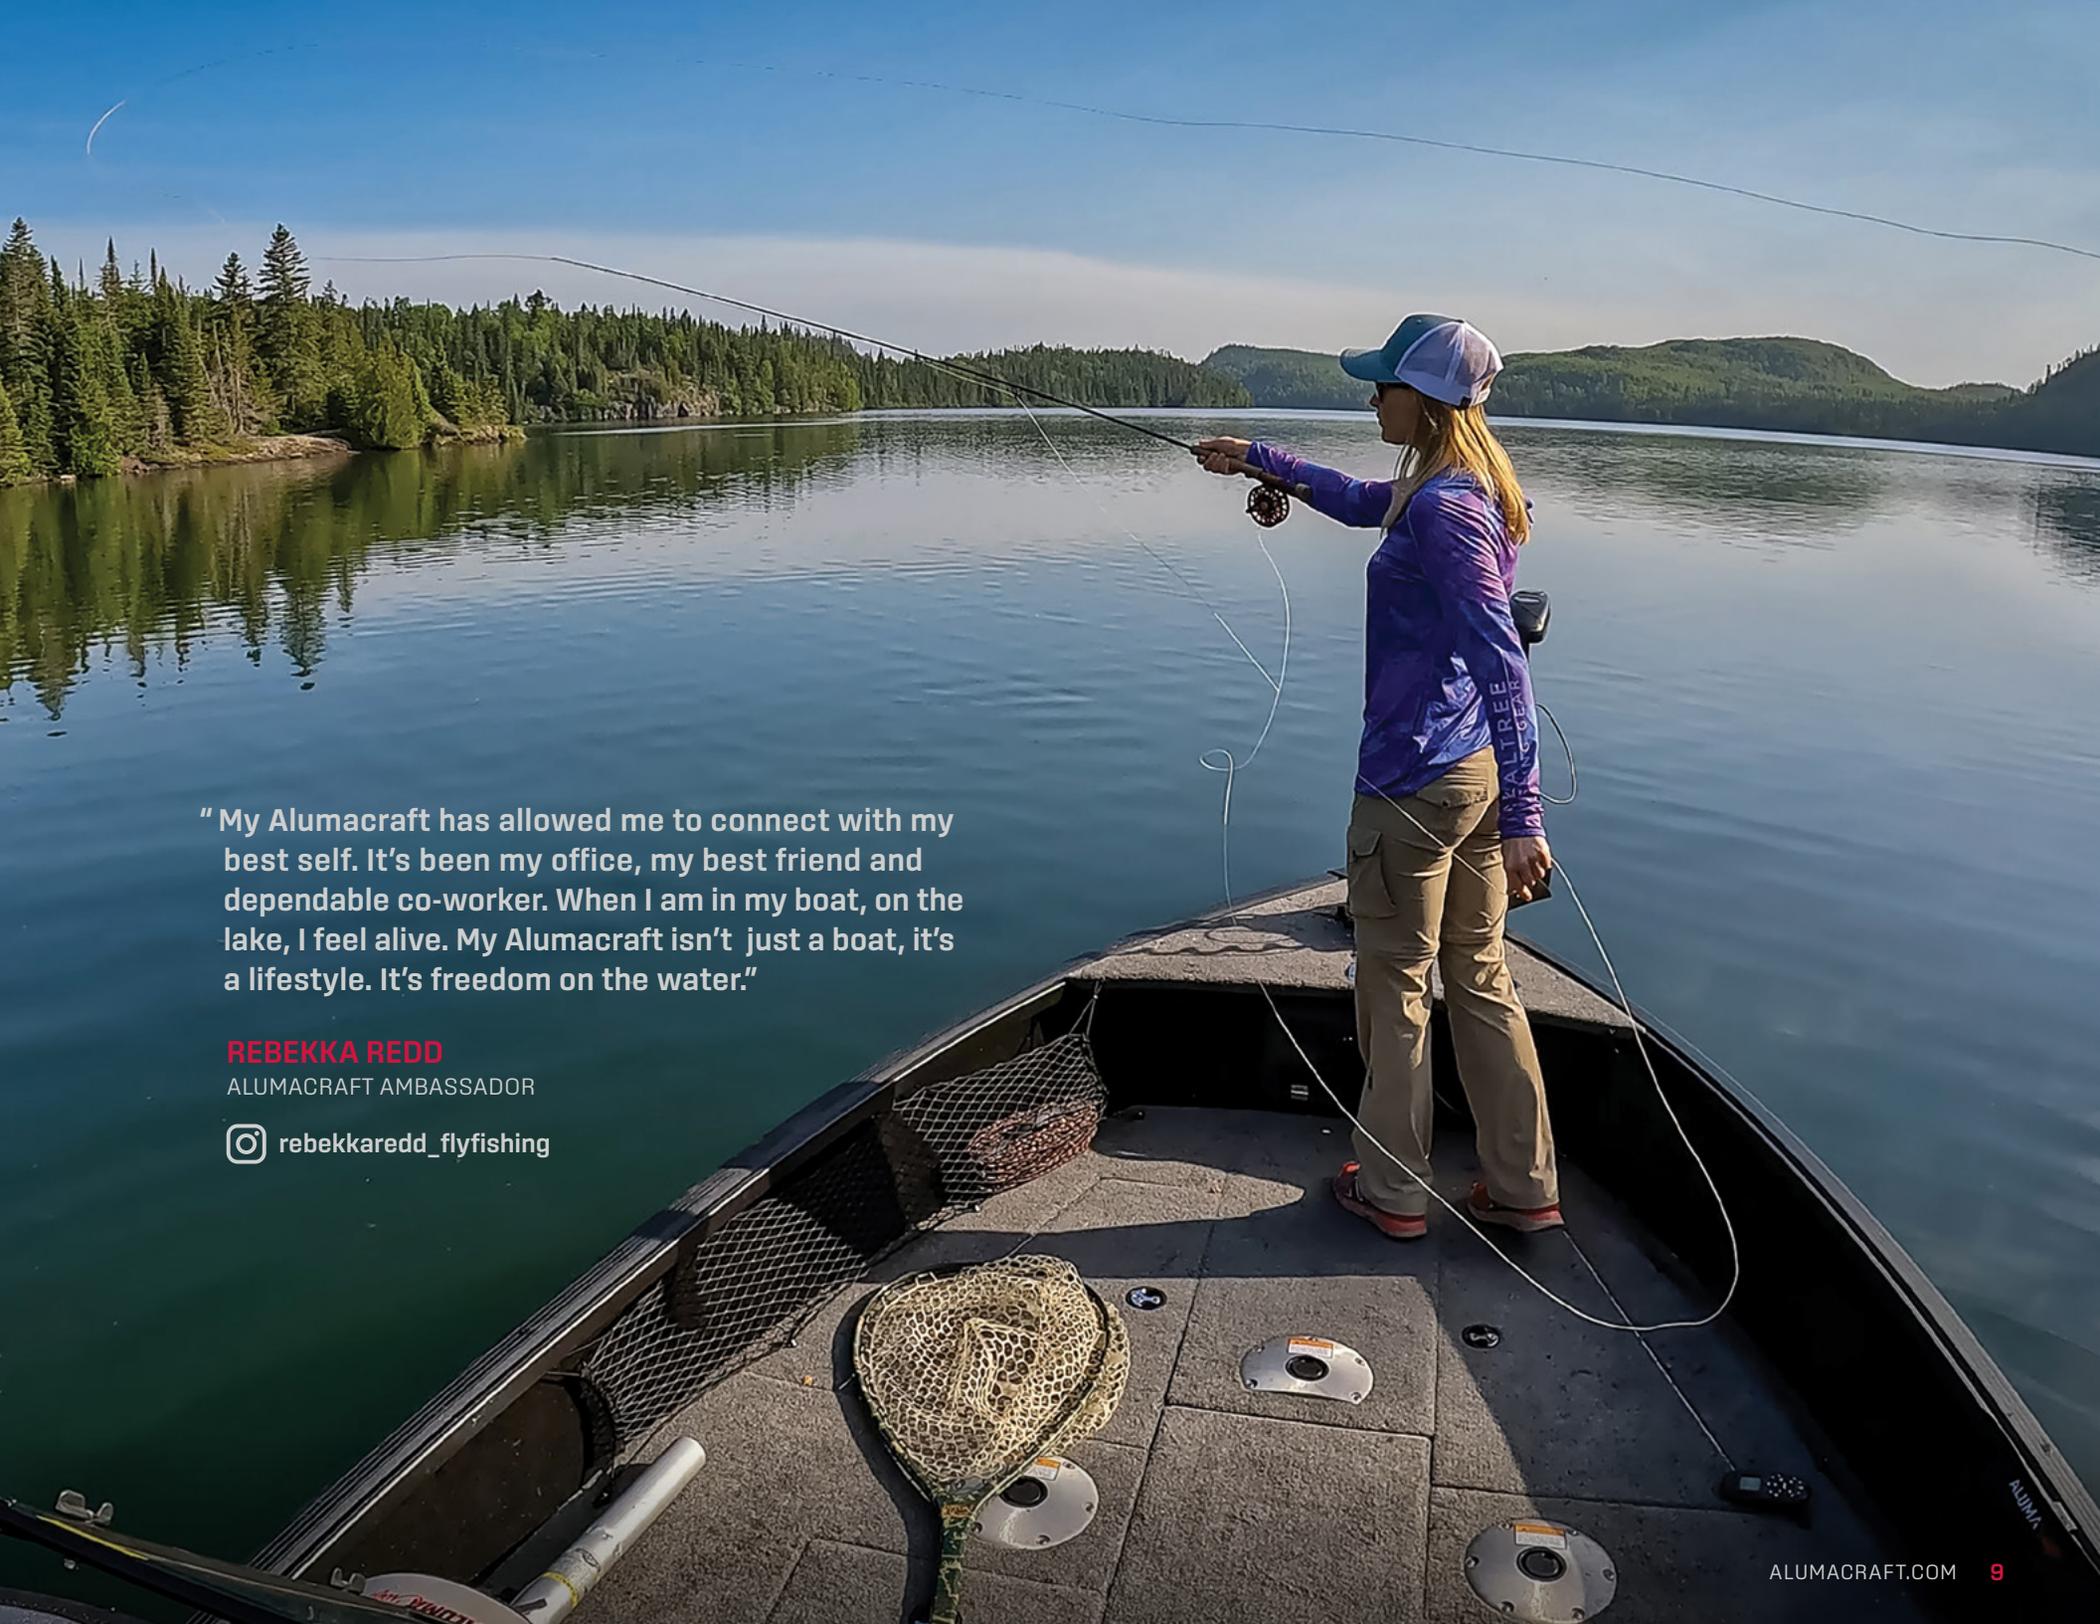

#FishingFreedom is cruising across the lake on a glassy morning with a touch of fog hovering as the sun rises, then picking up my rod for the first time as the excitement builds. These are the moments I live for."

JAY SIEMENS

ALUMACRAFT AMBASSADOR

 [jay_siemens](#)

“ My Alumacraft has allowed me to connect with my best self. It’s been my office, my best friend and dependable co-worker. When I am in my boat, on the lake, I feel alive. My Alumacraft isn’t just a boat, it’s a lifestyle. It’s freedom on the water.”

THE ALUMACRAFT ADVANTAGE

YOUR PASSION, OUR PRECISION

With over 75-years of boat building knowledge, we build Alumacraft boats and design our technology to refine your experience, making it smoother on and off the water. With advantages like our exclusive 2XB™ hull construction, Aquadynamic hull design, and Alumatrac™ Mounting System, you can experience the Alumacraft advantage firsthand and enjoy hassle-free days on the water.

AQUADYNAMIC DESIGN

Large, reverse-dispersal spray rails deflect backsplash more effectively for a drier ride even in rough conditions.

1 >

EXCLUSIVE 2XB HULL CONSTRUCTION

Our exclusive 2XB full-length, twin plated hull offers twice the strength and protection. A superior hull design that dramatically reduces sound and vibration, paired with larger aircraft grade rivets and a seamless one-piece hull bottom, means a soft, quiet and dry ride, even in rough water.

2 >

ALUMATRAC MOUNTING SYSTEM

Heavy-duty and easy to take on or off, this high-quality machined aluminum system fits as good as it looks.

THE CHOICE IS YOURS

ROTAX S

THE WORLD'S FIRST OUTBOARD ENGINE FEATURING STEALTH TECHNOLOGY

Enabling the new Competitor and Trophy transom and deck design, the optional Rotax Outboard Engine is seamlessly integrated and delivers more usable space, and is offered in a 115 and 150 HP option.

1 >

OPTIONAL MAX DECK

WHEN POWERED BY ROTAX S

The new Rotax S enables the installation of the optional MAX Deck. Providing an additional 25 sq ft of fishing and recreational space, and includes LinQ attachment mounts.

2 >

Check it out.
Play video now.

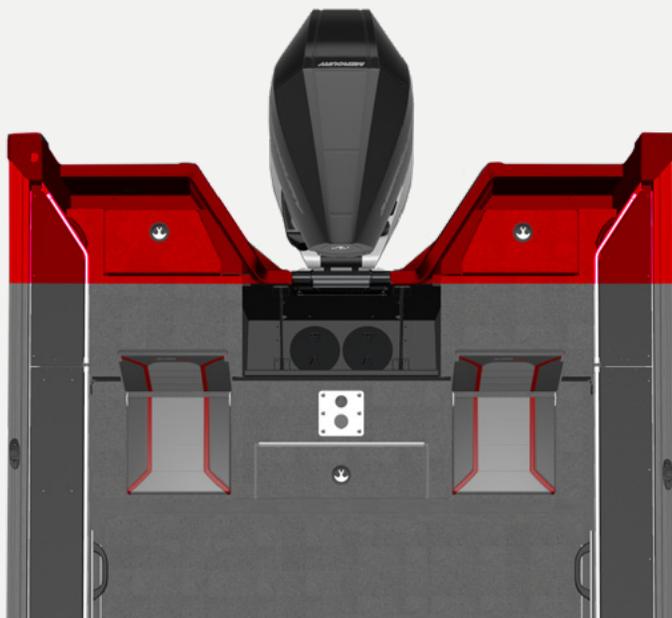

PROPULSION CHOICE

IT'S ALL ABOUT OPTIONS

Alumacraft gives you more propulsion choices than any other aluminum fishing boat. Choose from the new Rotax S with Stealth Technology or any of the traditional outboard engines on the market today.

< 3

3

X-PODS

EXTRA DECK SPACE, EXTRA STORAGE AND EXTRA BUOYANCY

These transom extensions wrap around both sides of the engine and feature convenient, in-floor storage compartments. The additional 16" of space gives you more standing room and water access at the stern, and easier handling.

< 4

4

COMING SOON

Our redesigned Competitor and Trophy will be available soon. These boats offer endless options for you to choose from.
