we build excitement

"Pioneering" SINCE 1966 INNOVATION

It is astonishing what an innovative spirit can do when faced with a challenge. Instead of just going with the flow, Mr. Kermit Bryant, the founder of Xpress Boats, developed an ingenious building solution that established the standard in

the aluminum boat industry by welding the entire boat, not using any screws or rivots, to create a solid, unibody foundation. Since 1966, countless generations of anglers and hunters have placed their trust in Xpress Boats. Our outstanding building techniques, also known as the Xpress Difference, include:

ALL-WELDED CONSTRUCTION • LONGITUDINAL RIB CONSTRUCTION • UNIBODY INJECTED FOAM CONSTRUCTION

These vital techniques combine to produce the performance, style, and durability that Xpress owners know and love. We made history two years ago by being the first aluminum boat to win the Bassmaster Classic, not to mention taking the victory at three different Elite Series events. The success of the "original" all-welded aluminum boat is within your reach today through our budget-friendly 2024 lineup of bass, bay, skiff, crappie, catfish, and hunting series boats. Are you ready to step up to the next level of innovation and adventure with Xpress Boats?

THE XPRESS DIFFERENCE

No two boats are created —or built— the same. They may both have an attractive exterior covered with shiny metallic paint, but the hull design, structural support, and substrate can vary drastically. From our pioneering design to our innovative construction techniques, each component of our all-welded aluminum boats comes together to deliver The Xpress Difference. Visit www.xpresboats.com/xpress-difference or scan the code to learn more.

HIGH-PERFORMANCE BASS PURSUING MACHINE

XPRESS BASS SERIES

[XCLUSIVE PRO BASS SERIES / HYPER-LIFT BASS SERIES / XPLOER BASS SERIES]

When building an Xpress Bass Boat, our focus is simple: performance and safety. Performance that gets you to and from your fishing destination quickly, comfortably, and most importantly, safely. At Xpress Boats, we build excitement. The excitement is not limited to the boat ride: it continues once you reach your destination. Spacious storage for all of your fishing equipment, huge casting decks to offer one of the finest, most comfortable fishing platforms on the market, and accessories to ensure you have a place for all of your fishing needs. These are all reasons the Xpress Xclusive Pro Series is chosen by top professional anglers like Lee Livesay, Bill Lowen, and Caleb Sumrall — and reasons you should settle for nothing less than Xpress.

“Most people know me from Duck Commander, yet what they don’t know is my love and passion for fishing. That thump on the line is as exciting as a big ol greenhead responding to my call. I finally reached a point in my life where I could buy a new bass boat and I had some very specific requirements due to the lakes and rivers I frequent. It has to be tough, it has to be agile, it has to have all of the creature comforts that I demand and most importantly, it has to be a safe, stable platform since I have two new young’ns that will be coming along for years to come. I tested all of them on the market, and none compared to the one solution, one choice, and that was not settling for anything less than the best, Xpress!”

- JUSTIN MARTIN: DUCK COMMANDER/INFLUENCER

 YAMAHA

3 WINS on the **BASSMASTER ELITES** and one at the **CLASSIC!**

"The fishability of my Xpress is unmatched. Whether I'm in the shallow waters of Louisiana or the big waters of the Great Lakes, this boat can do it all, COMFORTABLY!"

- CALEB SUMRALL: BASSMASTER ELITE ANGLER

SeaDek

ELITE PROVEN & HISTORY-MAKING

Since the inception of competitive bass fishing tournaments in the 1960s, only a select group of anglers have had the privilege of hoisting the blue Bassmaster Elite Series Champion trophy to celebrate their accomplishments. An even smaller population earned has earned the bronze-colored Bassmaster Classic World Champion trophies. Despite their deceptively lightweight appearance, these trophies demand considerable strength and stamina to hold high. We are proud of the anglers who represent us in the industry and eager to see the next trophy held high!

Professional anglers Bill Lowen and Caleb Sumrall have chosen to navigate our Xclusive Pro Bass Series X21 for multiple seasons, citing their shallow draft, lighter weight, durability, performance, and expansive front deck as key competitive advantages relied upon throughout the season. This year, we proudly welcome Lee Livesay to our Elite team. Hailing from East Texas, Lee brings a wealth of bass fishing knowledge and has made the strategic decision to transition from glass to aluminum, aligning himself with hundreds of other anglers who recognize the value of running an all-welded, high-performance aluminum boat.

Whether you're a tournament angler, professional guide, or simply a fishing enthusiast, you can enjoy the advantages of years of engineering refinement integrated into our Xclusive Pro Bass Series. Are you ready to join the Xpress family?

"One of the biggest questions I get asked is why I switched from glass to aluminum? My answer is always "why not." I get the performance and the confidence that I demand. I have sacrificed nothing!! Fish confident, fish Xpress!"

- BILL LOWEN: BASSMASTER ELITE ANGLER

Introducing Bassmaster Elite Angler LEE LIVESAY

to the **XPRESS BOATS** Family!

"Unfortunate situations often create opportunities. This past year I found myself in a fortunate situation having time to search for the best boat partner / sponsor. The most important tool an angler can possess on the Elite Series is his boat which simply is the foundation of ones career. You have to have faith and confidence in its ability to get you to and from whatever destination necessary to win. I fish to win and I cannot and will not settle, I cannot and will not accept something that will put me at a disadvantage. I chose Xpress for so many reasons starting with the advantages this boat can provide me competitively and finally the family and support from the entire Xpress team. I made the best choice for me, my family and my career."

- LEE LIVESAY: BASSMASTER ELITE ANGLER

- 3** Classic Appearances
- 4** 1st Place Finishes
- 12** Top 10 Finishes

XCLUSIVE PRO BASS SERIES

XCLUSIVE SAYS IT ALL, THE BEST OF THE BEST

[X21 PRO / X19 PRO /]

If you've made the decision to pick up this brochure, you've taken the first step in joining an exclusive group of fishermen. You understand that one of the finest-performing fishing solutions on the water today is within your reach. Looks, fishability, storage, comfort, and – most importantly – performance are what you'll find in the Xpress Boats Xclusive Pro Bass Series.

"I choose to run an Xpress for the simple fact that it is tailor made to fit all of my fishing needs. Whether I'm in six inches of water, way up a creek, or in the middle of the Great Lakes chasing smallmouths, the X21 provides the platform for it all. With the Fastest hole shot in the game, massive tackle storage and a front deck big enough for the entire family, my Xpress simply gets its done."

- LUKE DUNKIN: HOST OF LOW BUDGET LIVE/INFLUENCER

X-BAY & X-BAY LOUNGE

BIG WATER XCITEMENT

[X23B LOUNGE / X23B LOUNGE DUAL / X23B / X21B]

Xpress Boats revolutionized the bay boat market with its X-Bay Series. Built with the same DNA that has propelled Xpress Boats Hyper-Lift Series to the top, the X-Bay is the leader in big water, big fish excitement. Whether relaxing during or after a full day of fishing, this multi-function craft is capable of running big water, chasing monster bull reds, or out with the entire family enjoying the scenery. The X-Bay Series from Xpress Boats was enhanced in 2021 with the addition of the X23Bay Lounge, plus the twin-engine option providing up to 300 HP. These additions brought our already popular pad hull X-Bay series to a whole new level with features designed for the angler and the whole family.

XPLORER CC SERIES

DESIGNED TO BE TOUGH, PERIOD

[XP20CC / XP18CC]

Xplorer CC (Center Console) Series boats are designed to be tough. Capable of running shallow deep in the marsh chasing giant gators, or with full throttle confidence and sports car performance in open water. Fresh or saltwater, this is an American-made, blue-collar, everyday hard-working center console bay boat solution with a ton of excitement built in!

STEALTH TECHNOLOGY MEETS

SHALLOW WATER POLING PERFECTION

XPRESS SKIFF

[SKIFF 185]

Innovative Xpress Boats does it again, delivering the first all-welded aluminum skiff! Don't let the beautiful aesthetics fool you: this superbly designed skiff combines performance, fishability and durability in a boat perfect for any discerning shallow water angler. An epic craft, this is the boat most glass manufacturers hoped we would not introduce or perfect!

Xpress

XPRESS SKIFF

FLATS STEALTH WITH BIG WATER DURABILITY

[SKIFF 185]

Whether running rivers, bays or across oyster bars, the shallow draft, fishability, innovative design and stealth of the Xpress Skiff will get you ready for your next shallow water showdown. The Skiff Hull offers supreme buoyancy, enabling you to quietly pole in just inches of water. The all-welded aluminum construction, supported by a longitudinal rib system and unibody injected foam, makes this the most durable platform on the market. The Skiff 185 provides you with the best return on your investment. There is absolutely no need to spend twice as much on a fiberglass craft when you have the strength and durability of an Xpress Skiff. Don't settle for anything less than Xpress!

XPRESS HUNTING SERIES

[HYPER-LIFT DUCK BOAT SERIES / XPRESS TACTICAL SERIES / BAYOU SERIES / HD DUCK BOAT / DBX SERIES]

Xpress Boats Hunting Series offers limitless opportunities to pursue anything you deem exciting! Fish or fowl, go just about anywhere with confidence, knowing you've made the finest choice in high-performance all-welded aluminum pursuit boats. With unmatched construction, unibody foam-injected hulls that exceed Coast Guard flotation standards, and countless other assets, excitement has been built into every one of our boats.

HYPER-LIFT DUCK BOAT SERIES

There's only one way to ensure safety and performance: Xpress Boats Hyper-Lift Hull. Based on the DNA that runs throughout our high-performance bass and bay boats, the Xpress Boats Hyper-Lift Duck Boat Series is fast, strong, and original.

XPRESS TACTICAL SERIES

The XTS has laser-like construction to provide the finest outboard hull, Xpress Boats' XTS Hull, capable of handling conditions seen by timber hunters. The XTS Series features a redesigned transom, center keel, and Seelite LED lighting system to illuminate even the darkest of destinations, this is the ultimate pursuit craft!

BAYOU SERIES

The questions are no longer "Can we?" or "Should we?" but "Why wouldn't we?" The Xpress Bayou Series is designed to take anything you can throw at it, getting you through the toughest environments safely. Run confidently in thin water, mud, and muck with today's latest surface drive motors. Complete solution, complete excitement.

HD DUCK BOAT

This is the one: the standard, the workhorse, the original HD Duck Boat. Blue-collar, all-American craftsmanship and years of experience building all-welded aluminum boats deliver performance and durability in the HD Duck Boat. We build excitement into each one of these: it's up to you how you get it out!

DBX SERIES

We may call this a duck boat, but it's much more than that. Designed by waterfowlers for waterfowlers, you are sure to savor the performance, durability, and years of experience built into each 15 and 16-foot DBX series boat. The DBX is sure to satisfy your craving to go further and deeper into the timber. Discover nothing but the best with Xpress.

DESIGNED FOR ADVENTURE

BATTLING MONSTER CATS

XPRESS CATFISH SERIES

[XPLORER CATFISH SERIES]

If you chase big cats, you know it takes much more than a bobber and a big stick! Xpress Boats understands that. When we set out to design and build the finest all-welded aluminum, high-performance catfish boat on the water, we knew you wouldn't settle for anything less than our best. We build big cat tournament excitement into every Xplorer Catfish Series boat we manufacture.

YAMAHA

Reliability Starts Here.®

THE PERFECT XCLUSIVE COMBINATION: XPRESS BOATS & YAMAHA OUTBOARDS

Xpress Boats has exclusively chosen Yamaha Outboards to complement their line of high-performance all-welded fishing and hunting boats.

Whether you're pursuing bass with your tournament partner, making a crisp morning run out to the timber chasing mallards, or cruising the bay to catch a bull red, Yamaha Outboards give you turn-key reliability and the dependable efficiency you deserve.

The legendary reliability of Yamaha coupled with the performance and excitement that only Xpress Boats can offer equals the right motor, the right boat, the right decision.

BACKTRACK TRAILERS

Xpress Boats proudly offers an industry superior all-aluminum, all-welded trailer. Backtrack Trailers are second to none in quality, craftsmanship, and durability. Each trailer is custom built to cradle your Xpress boat with treated bunks to ensure that your investment is transported safely and securely. LED lighting and composite bunk covers are standard, and you can choose custom features like a spare tire with mount, brakes on the second axle of the tandem, and aluminum wheels.

This proprietary, innovative, protective treatment exclusively by Xpress has been designed to solve an inherent deficiency in fiberglass that every manufacturer battles. XTP is designed to enhance the integrity of the console, eliminate chips and cracks, protect from harmful UV rays and reduce the wear and tear from everyday rigors on the water. This cost-effective treatment retains the aesthetic beauty for years, complements and enhances the overall look and feel of our console and is profitable to you, the owner. Dealers. Consumers invest in our boats because of the performance, size, finish and resale value. XTP has just added incremental gain to the resale value of our boats, creating a win-win for everyone. Bassmaster Elite Angler Bill Lowen notes he has spent thousands of dollars over the years in fiberglass repairs. XTP will keep his console showroom-ready when it is time to sell his boat. Kirt Senft, of A1 Marine, got a sneak peek of the new XTP and said, "I will never order another bay boat without XTP!"

VALUED DEALER NETWORK

The success of Xpress Boats would not be possible if it were not for our network of over 95 authorized dealers throughout the continental U.S. who represent our brand! Our dealers are extremely knowledgeable of the various bass, bay, skiff, crappie, hunting, catfish and utility models they have in stock and can help guide you to a boat that best fits your needs. They will take the necessary time to ensure you fully understand your new boat's features, performance and capabilities. Dealers offer a wide variety of boating items to add that personal touch to your investment, and a full spectrum of services by trained technicians to keep your boat in top shape so you are always ready to hit the water. Xpress Boats authorized dealers will address your warranty questions to better understand your boating concerns and get you back on the water fast. Whether chasing fish or fowl, our loyal customers have relied upon their local dealers for sales and service for 57 years.

Are you ready to join the Xpress Boats family?

THE HULL

Truth

- UNIBODY INJECTED FOAM CONSTRUCTION
- EXCEPTIONAL HIGH-PERFORMANCE
- MADE FROM THE FINEST 5052 ALUMINUM ALLOY
- UNBELIEVABLE TURNING CAPABILITY
- ALL-WELDED CONSTRUCTION
- LONGITUDINAL RIB CONSTRUCTION

HYPER-LIFT HULL

The Xpress Boats Hyper-Lift Hull provides anglers with the durability and strength of aluminum, plus performance and style, previously was only found in fiberglass boats. The Hyper-Lift Hull's innovative design offers a lightning-fast hole shot, unbelievable turning capability, and a smooth, steady, dry ride. The Hyper-Lift Hull has been the leader in the all-welded high-performance aluminum boat market since its introduction in 1989. Nothing else can even compare, as is evident by the three Elite wins and history-making Bassmaster Classic victory. Settle for nothing less than the best!

SHALLOW WATER HULL

The Shallow Water Hull design has a 5" prop tunnel and rear flotation pods to optimize peak shallow water performance, so you can venture where fiberglass boats won't dare to go.

BAYOU MUD HULL

The Bayou Mud Hull is the perfect match for today's surface drive mud motors. Featuring an extremely shallow draft, this hull is designed to slide over submerged objects and vegetation and through mud. Xpress Bayou Boats: designed tough, loaded with excitement!

SKIFF HULL

The Xpress Boat Skiff Hull is a new design, expanding our stellar line of high-performance hulls. This shallow draft hull embodies all of the great qualities that make Xpress Boats the original and the best.

HYDRO-DYNAMIC HULL

The Hydro-Dynamic Hull is the muscle of the XP Series. Interconnecting longitudinal ribs and all-welded aluminum supports provide the HD hull with solid performance in virtually any water condition.

XTS HULL

The Xpress Boats XTS Hull is the latest in high-performance hulls specifically designed for outboard use in any hunting or fishing pursuit. Narrowing the beam and widening the bottom is the premise of this hull.

HYPER-LIFT DB HULL

Unique and original to the hunting market, the Hyper-Lift DB Hull is fast, strong, and nimble. Plus, it releases from stumps fast. Its DNA stems from Xpress Boats line of high-performance bass, bay, and crappie boats.

XPRESS BOATS ONLINE OWNER'S MANUAL

Our online owner's manual is designed to educate owners on key components of their new Xpress. It is their single source for everything from orientation with the console electronics, operating procedures, trailering, care, and maintenance tips. A diamond-shaped hang-tag with convenient QR code is included on each boat shipped from the Xpress Boats plant to give customers quick access to the library of videos on their smartphone. Scan the code here to see for yourself!
